EAA 110, your light sport Ultralight chapter, continues to champion a light sport repairman course to be conducted at Aerocrafters of Watsonville costing \$325 for the weekend. Aircrafters has offered their space and the instructors will come to WVI, but we have to sign up 12 to 16 students. The first step is to get a list of interested parties so we can work on a date, hopefully in the next few months. If you would like to take this course locally, send an e-mail to Blade Doyle (EAA 110) who is compiling the list. bdoyle@lsd25.net
