

EAA Ultralight 110 Round Robin

May 13, 2006

Wings of History Open House

I was out of town for the event, and so don't have a lot of information for this month. See the Meeting Minutes for a record of the event.

However, here is an e-mail from Laurie Dieck, currently residing in Louisiana. Laurie sent this note to John Gould:

What a wonderful idea John to display the Quicksilver at WOH...Deke would have loved this...it was always part of his plan when he was the Exec Director. I'm so pleased to know a year later that the WOH is warmly embracing Chap 110. They seemingly didn't/wouldn't realize the advantages when I proposed a similar idea last year; still caught up in that "Ultralight" resistance. Kudos' to you for making it all work!

Take good care...

Laurie

And, thanks to Jim Shaw, here's a photo of his friend Aileen Benner, flying with John Feemster at the Open House:

Aileen is a GA pilot who hasn't flown for a while. This was her first flight in an ultralight.

She loved it.

Jim

John Gould took a shot of the Mann/Denison-Sunzeri display. Here's my crop of it:
